### WORK EXPERIENCE

WEB APPLICATION DEVELOPER

#### **M/s Prodata Management Services Pvt. Ltd.**

*April 2023 - February 2024*

- Developing Web Applications using Java(Springboot), SQL and JQuery.
- Testing and Deploying data entry Web Applications.
- Automated Excel Report Generation through JAVA and SQL.
- Resolving Live Application Errors.
- Managing Application Server.
- Managing Database.

### PROJECT HANDLED

- Initially Executives were used to work in excel.
- We developed an application and deployed the same into Dedicated Local Server.
- TL's & Managers only has access for uploading the dump.
- Products were classified into Current & Savings account, Asset Products (i.e. HL, CV, CE, EL, etc.)
- Executives were able to process the case in FIFO basis by using both client & our internal application.
- Reconciliation & Billing Counts were downloaded as a Excel file from the application built and sent to the respective client for Payment.

#### **Advantages:**

- Man hours on preparing MIS has been decreased.
- TAT bench mark reached its height.
